

Narvi Slim 6 kW / 9 kW

Design of the Narvi Slim is unique and gives new opportunities to locate it to the sauna. Glamorous newness fits well to the small sauna because of the slim design. To the larger saunas it can be installed e.g. in the middle of the sauna and benches can be on the both sides of the room.

- » Durable exterior has matt surface.
- » External control unit is included in the shipment.
- » Bench collar and high base are available as accessories.
