

Switch-off rail

For sauna heaters. Approved fire protection solution for sauna cabins.

The switch-off rail makes sure that a sauna heater may not be switched on or automatically switches off if an object is placed on it. This greatly reduces the fire risk in situations as by e.g. a towel or a water bucket forgotten on the heater.

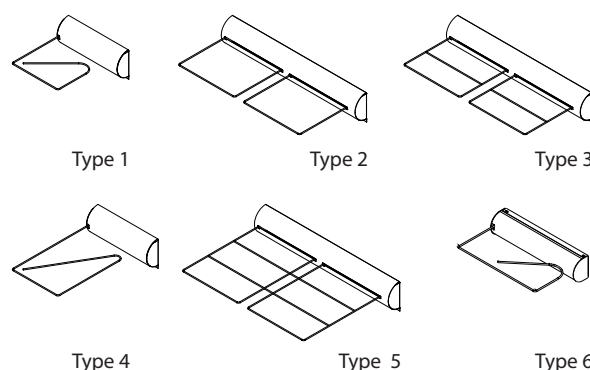

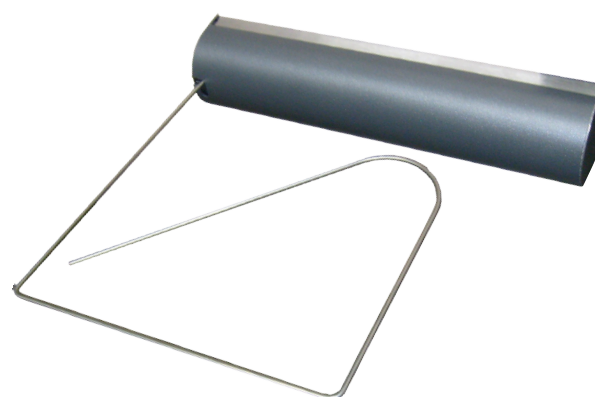

According to the norm EN 60335 all commercial and domestic sauna cabins as of May 2013 should be equipped with an approved safety system, which prevents a sauna heater from switching on or switches it off automatically if it is in unsafe condition.

Your advantages:

- Complies with latest EU norm EN 60335.
- VDE tested and approved for safety and norm compliance.
- Simple wall installation, also direct mounting or various EOS heaters possible.
- May be retrofitted in existing sauna cabins.
- Highly reliable and effective.
- 6 sizes available to suit all EOS heater sizes.
- Made in Germany quality by EOS

Specifications:

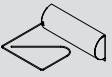

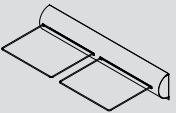

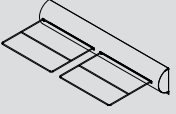

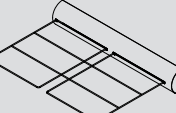

Housing :	Stainless steel, anthracite pearl effect powder coating.
Inner construction:	Stainless steel, aluminium
Rail:	Stainless steel
Installation:	Wall mounting, direct installation of certain EOS heaters possible with an optional mounting frame.
Connection:	To sauna control unit (cable not included)

Example shows the switch off rail mounted directly on the 34.G heater using an optional mounting frame.

Overview of models and suitable heaters

Type	Item no.	Size, H x W x D	Drawing	Suitable sauna heaters
Typ 1	94.4421	140 x 328 x 322 mm		Thermat (Bi-O), Thermo-Tec (S), Bi-O Tec, 43.FN, Euro, Cubo, Finnrock, Herkules / Corona S25 (Vapor), Mythos S35 / S45 (Vapor)
Typ 2	94.4424	140 x 728 x 322 mm		P1
Typ 3	94.4425	140 x 728 x 322 mm		Herkules XL S50 (Vapor), P1
Typ 4	94.4724	140 x 328 x 482 mm		Euro-Max, Bi-O Max, Germanius, Bi-O Germanius, Z6, Bi-O Z6, Herkules S60 (Vapor), Corona S60 (Vapor)
Typ 5	94.4725	140 x 728 x 482 mm		34.G, Goliath 34.G2, Bi-O Star, Herkules XL S120 (Vapor)
Typ 6	94.5624	140 x 328 x 222 mm		RKS, Mini, M3, Filius, Bi-O Filius

Direct installation on EOS sauna heaters

For sauna heaters	Rail type	Mounting frame	Set no.*
Euro-Max, Bi-O Max	Typ 4	 944706	944798
